Minor: Informatics at **Luddy School of Informatics, Computing, & Engineering**

Google x Coursera, Data Analytics Professional Certificate

March 2023

EXPERIENCE

Beyond Finance – Chicago, IL

August 2023 – Present

Senior Analyst, Strategic Financial Operations

April 2024 – Present

- Own and produce weekly KPI presentations for C-suite leaders, turning SQL and Excel-based analytics into strategic narratives and insights, proactively surfacing operational changes impacting ~\$100M/month in cash collections
- Built unit economics and scenario models that identified pricing optimizations in the commercial partners channel, resulting in improvements that generated a 45% year-over-year increase in EBIT per customer
- Conducted a borrowing-base contribution eligibility analysis, delivering a recommendation that mitigated covenant risk
- Engineered cash flow pacing and reporting infrastructure from scratch for new Capital Markets and Treasury teams, developing the SQL and Excel models that shifted cash tracking from monthly to weekly, improving liquidity visibility

Financial Data Analyst

August 2023 – April 2024

- Led a finance-wide analytics transition from manual analyses to centralized Looker and LookML, enhancing data prep time and visualization capabilities, building the 2nd-highest number of dashboards company-wide within my first year
- Translated commercial partner contracts into Excel/VBA and SQL logic for \$16M/month commission remittances as well as identified and fixed misapplied fee rates resulting in \$25K/month in savings and a more efficient process

Google – San Francisco, CA and Chicago, IL

Account Strategist/Team Data Analyst, Google Customer Solutions

July 2021 – August 2023

- Owned \$4M quarterly partnerships, using SQL analysis and dashboards to surface ROI levers and inform sales strategy
- Collaborated with cross-functional teams to conduct and support clients' deep analysis, research, and technical needs
- Designed and presented weekly team-wide performance reviews and insights, leveraging SQL-driven analysis and visualizations to identify operational trends and support regional program leadership in optimizing sales operations
- Developed a workflow on Google Sheets to coordinate language exchange to enable client engagement and save time, achieving 100% satisfaction rate and \$650K+ revenue coverage during the first pilot quarter across several US offices

BOLD Intern, Google Customer Solutions

May – August 2020

- Advised 38 non-profits worldwide on sustainable digital strategies to maximize ROI from a \$10K/month Google grant

The Planet Now LLC – Bloomington, IN

December 2019 – April 2021

Co-Founder, Chief Financial Officer/Chief Information Officer

- Developed website, ThePlanetNow.com, customizing objects with HTML/CSS and generating 800+ weekly views
- Led a team of 3 analysts in developing an Excel-based model projecting emissions and costs for prospective clients

KPMG – Los Angeles, CA

June – August 2019

Embark Intern, Risk Consulting, IT Audit & Assurance

- Developed a streamlined workflow for Excel report cleanup, resulting in significant time savings for full-time associates
- Executed system and intake development testing for a national healthcare client within agile scrum frameworks in JIRA
- Recalculated premium rates on Excel for a national multi-line insurance corporation, validating system output accuracy

Deloitte Data Challenge – Bloomington, IN

December 2018

Business Analytics Course Case Competition, 1st Place out of over 200 teams

- Constructed and presented a dynamic, macro-enabled Excel model identifying the financial and environmental impacts of 2 potential options, using Monte Carlo simulations, VBA, and visualizations to support a data-driven decision

The Undergraduate Business Diversity Council – Indiana University

September 2017 – May 2021

President

December 2018 – December 2020

- Elected and re-elected by peers to oversee the council's initiatives and its \$100K budget, the largest of any organization
- Restructured the organization's corporate partnership strategy, raising an incremental \$16K/year for club programming
